DATE: September 26, 2023

SUBJECT: La Floresta Phase 3 Subdivision; Consideration & Approval of Subdivision

This property is located on the northeast corner of Hobbs Rd. and Bicentennial Blvd. It is located within the McAllen City Limits and is being proposed as R-1 Residential. The tract consists of 6.1 acres and is proposing 24 single family home lots.

The subdivision application was originally filed with the City on April 21, 2023 and has received preliminary P&Z approval on May 16, 2023. The information required from the developer's engineer for this agenda was received on September 19, 2023.

Utility plan/availability is described as follows:

- 1. **Water Service:** The applicant is proposing to connect to an existing 8" waterline located near the southwest corner of the subdivision. The proposed water line will be an internal loop through the proposed utility easements and will have two stub-outs at the north and south ends of the property for future connections.
- 2. **Sewer Service:** The applicant is proposing to install an 8" sanitary sewer line that will tie into the existing sanitary sewer network falling into the Bicentennial Interceptor.
- 3. This property falls within the Northgate Water reimbursement service area.

Staff recommends MPUB approval of the subdivision application as proposed subject to the following:

- 1.) Dedication of a utility easement, possibly along the perimeter of the property.
- 2.) Installation of the proposed public utility infrastructure to be constructed as proposed.
- 3.) Payment of a Waterline Line Reimbursement to MPU in the amount of \$7,504.33 for the Northgate Waterline Project.

Staff will be available for further discussion/questions at the MPUB meeting.

La Floresta Subdivision Ph. III Water and Sanitary Sewer Description

Water

This subdivision will be connecting to the City of McAllen Water system by removing an existing flush valve on an 8" water line located near the southwest corner of the subdivision. The developer will install approximately 2025 linear feet of 8" water line within and looping itself inside the subdivision. Two 8" stub-outs with a 2" flush valve will also be installed for future tie-ins by others. Each lot will be served by a 3/4" water service connection and fire hydrants will be constructed in accordance with fire code.

Sanitary Sewer

This subdivision will be re-directing existing sewer lines within the subdivision parallel to its existing east property line. After this is completed, the developer will install approximately 645 linear feet of 8" sewer line that will tie to the re-routed sewer line. Each lot within this subdivision will be served by a 4" sanitary sewer connection with a clean-out at the end of each service.

Memorandum

TO: Mark Vega, P.E., General Manager

FROM: Elvira I. Alonzo, CPM, Public Works Director

DATE: September 12, 2023

SUBJECT: MPU Vehicle & Property Surplus Declaration

<u>Goal</u>: Public Works staff has a need to declare—as surplus—unusable, inoperable, outdated or otherwise worn out MPU vehicles and property gathered from various departments. These vehicles and property are in different stages of disrepair and most have been replaced by new vehicles or equipment.

Explanation: The City of McAllen conducts auctions as needed to dispose of vehicles and equipment that are not economical to repair, have been replaced, or are unsafe to operate. All proceeds are returned to the corresponding fund where the purchase originated (i.e. Water, Waste Water Fund). Attached is a comprehensive list of the MPU vehicles and property including the respective photos of these items proposed for surplus declaration.

Options:

- 1. The Public Utility Board can defer the sale of the vehicles and property at the risk of significantly lower returns.
- 2. The Public Utility Board may elect to retain the vehicles and property.

Recommendation: Public Works recommends approval to declare the described vehicles and property as surplus and begin the disposal of said assets through auctioneering services and/or recycling salvage yards.

Please advise if you require additional information. Attached is a list and description of all items being presented for review and consideration.

Re: Authorization to Purchase One (1) New 2023 ¾ Ton Crew Cab Truck through

Cooperative Pricing

GOAL: The Public Works Fleet Operations Department requests your authorization to Purchase one (1) New Current Model ¾ Ton Crew Cab Truck from Randall Reed's Planet Ford 635, from Garland, TX, utilizing the Tarrant County Cooperative bid.

BRIEF EXPLANATION: In August 2023, Fleet Operations staff solicited quotes for various New Current Model Vehicles and received Purchasing Cooperative quotes from one single vendor. Attached for your review, is the bid tabulation depicting the proposed vendor to be contracted with, upon Utility Board approval.

HISTORY: Historically, the City solicits bids for vehicles that have reached and/or surpassed their life expectancy and have been recommended for replacement. (Please note that all vehicles due for replacement have gone through the justification and budget approval process).

OPTIONS: 1. The Utility Board authorizes to Award a Purchase Contract as recommended.

2. The Utility Board may elect to direct staff to reject any or all bids received and to solicit bids through the conventional bid solicitation process.

Re: Consideration and Approval of Mile 6 Roadway Sewerline Material Purchase

On September 14, 2023, a bid opening for the Mile 6 Sewerline Material Purchase was conducted at City Hall. The bid solicitation was primarily requesting quotes for Sewerline PVC Pipe and Sewer Manholes. Note that the Bid Solicitation provided prospective bidders the option of "no bidding" individual line items. Three (3) bids were received as follows; Southern Trenchless, Core & Main and Aguaworks. Aguaworks was deemed unresponsive for missing a few bid documents as described in bid tabulation summary and therefore not listed below. Southern Trenchless elected to only bid on the manholes.

Contractor Name	Manholes Only	Remainder (Excludes Manholes)		
Southern Trenchless	\$59,305	No-bid		
Core & Main	\$67,371.63	\$197,971.74		

A complete Bid Tabulation Summary is attached to this memorandum.

Staff recommends award of purchase to Southern Trenchless for the amount of \$59,305 for the manholes only and award of remainder of material quote to Core & Main for the amount of \$197,971.74. Staff will be available for any questions, comments or concerns.

ORDINANCE NO. 2023-ORDER NO. 2023-

AN ORDINANCE ADOPTING THE BUDGET OF THE CITY OF MCALLEN INCLUDING MCALLEN PUBLIC UTILITY FOR THE FISCAL YEAR BEGINNING OCTOBER 1, 2023, AND ENDING SEPTEMBER 30, 2024, IN ACCORDANCE WITH THE ORDINANCES OF THE CITY OF MCALLEN; PROVIDING FOR PUBLICATION; PROVIDING FOR A REPEALER; AND ORDAINING OTHER PROVISIONS RELATED TO THE SUBJECT MATTER HEREOF.

WHEREAS, the City Manager has filed the proposed budget with the City Secretary on July 27, 2023; and

WHEREAS, notice of the public hearing on the proposed budget was given and a public hearing was held on September 11, 2023 at which time all interested citizens were given an opportunity to participate in the hearing.

NOW, THEREFORE, BE IT ORDAINED BY THE BOARD OF COMMISSIONERS AND THE MCALLEN PUBLIC UTILITY BOARD OF TRUSTEES OF THE CITY OF McALLEN, TEXAS, THAT:

(a) <u>SECTION I</u>: The Budget Estimate of revenues for the City of McAllen and the expenses of conducting the affairs thereof for the ensuing fiscal year beginning October 1, 2023, and ending September 30, 2024, as submitted by the City Manager of the City of McAllen to the City Secretary on July 27, 2023 and as amended hereunder, be, and the same is in all things, adopted and approved as the budget estimate of all of the current revenues and expenses for the fiscal year beginning the 1st day of October, 2023 and ending the 30th day of September, 2024.

SECTION II: The amount of ad valorem taxes and revenue from other sources, as estimated by the City Manager, is hereby appropriated out of the following funds: General, Capital Projects, Sanitation, Airport, Toll Bridge, Anzalduas Bridge, Golf Course, Civic Center, Civic Center Expansion, Internal Services, Employee Health Benefits, Development Corporation, General Insurance and Workers' Compensation, Water and Sewer, and Debt Service, for the

payment of operating expenses and capital outlay of the City Government, including the operation of the aforementioned funds of the city, respectively. A copy of the Budget Summary indicating such revenues and appropriating their expenditure is attached hereto and made a part hereof for all purposes as Exhibit "A".

The adoption of this Ordinance specifically amends the proposed Budget as filed with the City Secretary, as required by the law, and the Board of Commissioners hereby finds such amendments to be in the interest of the taxpayers of McAllen, Texas.

<u>SECTION III</u>: All ordinances or parts of ordinances in conflict herewith are hereby repealed.

SECTION IV: This Ordinance shall be and remain in full force and effect from and after its passage by the Board of Commissioners and execution by the Mayor.

SECTION V: The City Secretary is hereby authorized and directed to cause the caption of this ordinance to be published in a newspaper having general circulation in McAllen, Hidalgo County, Texas in accordance with the Code of Ordinances of the City of McAllen, Section 2-56 Publication of Ordinances, but it shall not be published in the Code of Ordinances of the City of McAllen as it is not amendatory thereof; however, it shall be cited in the appropriate appendix of the Code of Ordinances. A true copy of the approved budget shall be filed with the City Secretary and in the office of the Hidalgo County Clerk.

SECTION VI: If any part or parts of this Ordinance are found to be invalid or unconstitutional by a court having competent jurisdiction, then such invalidity or unconstitutionality shall not affect the remaining parts hereof and such remaining parts shall remain in full force and effect, and to that extent this Ordinance is considered severable.

CONSIDERED, PASSED and APPROVED this 25th day of September 2023 at a regular meeting of the Board of Commissioners of the City of McAllen at which a quorum was present and which was held in accordance with Chapter 551 of the Texas Government Code and Chapter 102 of the Texas Local Government Code.

Re: Annual Review and Approval of Investment Policy and Strategy

The annual review and approval of the City's Investment Policy and Strategy is required to be conducted prior to September 30, 2023, for the upcoming fiscal year. The Public Funds Investment Act has not been amended to require any material changes to the City's Investment Policy and Strategy. As such, and after conferring with the City's Investment Advisor, Meeder Investments (formerly Patterson & Associates), staff recommended adoption of the Policy and Strategy without revision to the Audit and Investment Committee. At the August 29, 2023 meeting of the Audit and Investment Committee, the Committee recommended approval of the City's Investment Policy and Strategy as presented to the City Commission, McAllen Public Utility Board, Development Corporation Board and Bridge Boards.

Please do not hesitate to call me at extension 1632, should you have any questions.

INTRODUCTION

The purpose of this document is to set forth specific investment policy and strategy guidelines for the City of McAllen/McAllen Public Utility Board/McAllen-Hidalgo International Toll Bridge/Anzalduas International Crossing/Development Corporation of McAllen, Inc. (hereinafter referred to collectively as "City") in order to achieve the goals of safety, liquidity, diversification, and yield for all investment activity.

This policy serves to satisfy the statutory requirement, specifically the Public Funds Investment Act, Chapter 2256 of the Government Code (the "Act"), to define, adopt and review a formal investment strategy and policy. The City shall review and adopt its investment strategies and policy not less than annually.

SCOPE

This investment policy applies to all financial assets of the City. These funds are reported in the Comprehensive Annual Financial Report (CAFR). Any new funds created, unless specifically exempted by the City and this Policy, are to be included under the provisions of the policy.

INVESTMENT OBJECTIVES

The City shall manage and invest its cash with three objectives, listed in order of priority: Preservation and Safety of Principal, Liquidity, Diversification, and Yield. All investments shall be designed and managed in a manner responsive to the public trust and consistent with State and Local Law.

The City shall maintain a comprehensive cash management program that includes collection of accounts receivable, vendor payment in accordance with invoice terms, and prudent investment of available cash. Cash management is defined as the process of managing monies in order to maintain cash availability and increase interest earnings on short-term investment of idle cash.

Preservation and Safety of Principal

The primary objective of the City investment activity is the preservation of capital in the overall portfolio. Each investment transaction shall be conducted in a manner to avoid capital losses, whether they are from investment defaults or erosion of market value.

Liquidity

The City investment portfolio shall be structured such that the City is able to meet all obligations in a timely manner. This shall be achieved by matching investment maturities with forecasted cash flow requirements and by investing in securities with active secondary markets.

Diversification

Diversification of the portfolio will include diversification by maturity and market sector. The City will diversify its investment in an effort to avoid incurring unreasonable and avoidable risks regarding specific security types or individual financial institutions, as appropriate.

Yield

The City's portfolios shall be designed with the objective of attaining a reasonable market yield, taking into account its investment risk constraints and liquidity needs. The investment program shall seek to augment returns above this threshold consistent with risk limitations identified herein and prudent investment policies.

INVESTMENT STRATEGY

The City maintains portfolios that utilize five specific investment strategy considerations designed to address the unique characteristics of the fund groups represented in the portfolios. Funds may be commingled for investment purposes. The portfolio structure will recognize and reflect the unique needs of all funds. The maximum weighted average maturity ("WAM"), calculated on stated maturities and in accordance with GASB requirements, shall not exceed three (3) years for the laddered portion of the portfolio (which excludes liquid funds).

- A. Investment strategy for operating funds has as its primary objective to assure that anticipated cash flows are matched with adequate investment liquidity. The secondary objective is to create a portfolio structure that will experience minimal volatility during economic cycles. This may be accomplished by purchasing high credit quality short-to-intermediate-term investments.
- B. Investment strategy for bond debt service fund(s) shall have as the primary objective the assurance of investment liquidity adequate to fund all debt service obligations on the required payment dates. Investments purchased shall not have a stated final maturity date which exceeds the next <u>unfunded</u> bond debt service payment date. Investment Officers are authorized to invest bond proceeds or revenue pledged to the payment of the debt obligation only to the extent permitted by the Act, in accordance with provisions governing the debt issuance, as applicable, and the local government's approved investment policy regarding the debt issuance, as applicable.

- C. Investment strategy for bond reserve fund(s) shall have as the primary objective to generate a dependable revenue stream to the appropriate debt service fund from investments with a low degree of volatility. Investments should be of high credit quality and, except as may be required by the Bond Ordinance specific to an individual issue, of short-to-intermediate-term maturities. Investment Officers are authorized to invest bond proceeds or revenue pledged to the payment of the debt obligation only to the extent permitted by the Act, in accordance with provisions governing the debt issuance, as applicable, and the local government's approved investment policy regarding the debt issuance, as applicable.
- D. Investment strategy for capital projects funds will have as the primary objective to assure that anticipated cash flows are matched with adequate investment liquidity. These portfolios should include at least 10% in highly liquid cash equivalent investments to allow for flexibility and unanticipated project outlays. The stated final maturity dates of investments held should not exceed the estimated project completion date. Investment Officers are authorized to invest bond proceeds or revenue pledged to the payment of the debt obligation only to the extent permitted by the Act, in accordance with provisions governing the debt issuance, as applicable, and the local government's approved investment policy regarding the debt issuance, as applicable.
- E. Investment strategy for customer deposit funds shall have as the primary objective the assurance of investment liquidity adequate to cover the return of deposit to customers or its application to balances due. Investments purchased shall not have a stated final maturity date which exceeds two (2) years.

DELEGATION OF RESPONSIBILITY

Investment Committee

An Audit and Investment Committee, consisting of the audit committee members appointed by the City Commission and Public Utility Board will meet at least quarterly to determine operational strategies and to monitor results. The Investment Committee shall include in its deliberation such topics as: performance reports, economic outlook, portfolio diversification, maturity structure, potential risks, independent training sources, and authorized brokers/dealers. The Committee is authorized to adopt the annual broker/dealer list and approve training sources.

Delegation of Authority and Investment Officers Training

Authority to manage the City investment program is derived from investment officer designation resolutions of the City. Those authorized by said resolution are designated as investment officers of the City and, in conjunction with the Audit and Investment Committee, are responsible for investment decisions and activities. The Finance Director shall establish written procedures for the operation of the investment program consistent with this investment policy.

The Finance Director and the investment officers shall attend at least one training session from an

independent source approved by the Investment Committee. Training shall accumulate at least 10 hours of instruction relating to the officer's responsibility under the Act and any other requirements of the Act within 12 months after assuming duties. The Finance Director and the investment officers shall attend 8 hours of such investment training sessions not less than once in every two-year period that begins on the first day of the City's fiscal year.

All participants in the investment process shall seek to act responsibly as custodians of the public trust. Investment Officers will avoid any transaction that might impair public confidence in the City's ability to govern effectively. Investment Officers shall recognize that the investment portfolio is subject to public review and evaluation.

No Investment Officer may engage in an investment transaction except as provided under the terms of this Policy and established procedures.

Prudence

The standard of care to be applied by the investment officers shall be the "prudent person" rule, which states: "Investments shall be made with judgment and care, under prevailing circumstances-, that a person of prudence, discretion and intelligence would exercise in the management of the person's own affairs, not for speculation, but for investment, considering the probable safety of capital and the probable income to be derived." In determining whether the investment officers have exercised prudence with respect to an investment decision, the determination shall be made taking into consideration:

- A. The investment of all funds, or funds under the City's control, over which the officers had responsibility and not necessarily consideration as to the prudence of a single investment.
- B. Whether the investment decision was consistent with this policy.

The investment officers, acting in accordance with written procedures and exercising due diligence, shall not be held personally liable for a specific investment's credit risk or market price changes, provided that these deviations are reported immediately.

Ethics and Conflicts of Interest

City staff involved in the investment process shall refrain from personal business activity that could conflict with proper execution of the investment program, or which could impair the ability to make impartial investment decisions. City staff shall disclose to the City any material interests in financial institutions that conduct business with the City, and they shall further disclose positions that could be related to the performance of the City portfolio. City staff shall subordinate their personal financial transactions to those of the City, particularly with regard to timing of purchases and sales.

An investment officer of the City who has a personal business relationship with an organization seeking to sell an investment to the City shall file a statement disclosing that personal business interest. An investment officer who is related within the second degree by affinity or consanguinity to an individual seeking to sell an investment to the City shall file a statement disclosing that relationship. A statement required under this subsection must be filed with the Texas Ethics

Commission and the City Council or Board of Directors, as appropriate.

REPORTING

Quarterly Reporting

The Finance Director shall submit a quarterly investment report signed by the investment officers to the Investment Committee and to the City in accordance with the Act that contains sufficient information to permit an informed outside reader to evaluate the performance of the investment program. The quarterly investment report shall include a succinct management summary that provides a clear picture of the status of the current investment portfolio and transactions made over the last quarter. This management summary will be prepared in a manner that will allow the City to ascertain whether investment activities during the reporting period have conformed to the investment policy.

The report shall summarize current market conditions, economic developments, and anticipated investment conditions. The report shall summarize investment strategies employed in the most recent quarter and describe the portfolio on a detail and summary basis. The final quarterly report of the fiscal year will include a snapshot of asset allocation changes throughout the year.

The report will include the following:

- A. A detailed listing of individual securities and positions by maturity held at the end of the reporting period.
- B. Beginning and ending amortized book and market value of securities and positions for the period.
- C. Changes to the market value during the period.
- D. Average weighted yield to maturity of the portfolio.
- E. The earnings for the period (including accrued interest) net of amortization/accretion.
- F. The percentage of the total portfolio that each type of investment represents.
- G. Statement of compliance of the City investment portfolio with the Act and the Investment Strategy and Policy adopted by the City.

The Finance Director shall establish and implement procedures for monitoring the market price and rating changes in investments acquired with public funds and the liquidation of such investments. The market prices shall be obtained from an independent source.

AUTHORIZED INVESTMENTS

Assets of the City may be invested only in the following instruments in accordance with and further defined by the Act.

I. Authorized Investments

A. Obligations of the U.S. Government, its agencies and instrumentalities not to exceed seven years to stated maturity to include pass-through mortgage-backed securities and

collateralized mortgage obligations (CMO) which pass the high-risk mortgage security test. Investment in mortgage-backed securities must be pre-approved by the City governing bodies.

- B. FDIC insured or collateralized certificates of deposit of state and national banks doing business in Texas including deposit spreading products initiated through a Texas bank. The certificates must be collateralized in accordance with this policy and not exceed three years to stated maturity.
- C. Local government investment pools created and managed in accordance with the Act and that maintain as an investment objective of a \$1.00 net asset value.
- D. AAA-rated, SEC registered and regulated money market mutual funds which include in their investment objectives the maintenance of a stable net asset value of \$1.0000. The City may own no more than 10 percent of the total assets of the mutual fund.
- E. A no-load bond mutual fund:
 - (1) registered with the Securities and Exchange Commission;
 - (2) with an average weighted maturity of less than two years;
 - (3) investing exclusively in obligations approved by this Policy; and
 - (4) continuously rated at least three stars by Morningstar.

Investment in such mutual funds must represent:

In the aggregate less than 15 percent of the City's operating monthly average fund balance, excluding bond proceeds and reserves and other funds held for debt service; and may not be utilized for any portion of bond proceeds, reserves and funds held for debt service. The City may own no more than 10 percent of the total assets of the mutual fund.

- F. FDIC insured or collateralized interest bearing and money market accounts from any FDIC insured bank in Texas to include depository spread money market accounts initiated through a Texas bank.
- G. Debt obligations of any state or political subdivision in any U.S. state rated A or higher with a stated maturity not to exceed seven years.
- H. Fully collateralized repurchase agreements with a defined termination date. A flexible repurchase agreement may be used for bond proceeds with a maturity not to exceed the expenditure plan of the proceeds.
- I. A1/P1 commercial paper not to exceed 365 days to maturity from the date of issuance.
- J. FDIC insured brokered certificate of deposit securities from U.S. banks, settled delivery versus payment to City safekeeping with a maximum maturity of two (2) years.

- II. The following securities are not authorized for investment by the City.
 - A. Obligations whose payment represents the coupon payments on the outstanding principal balance of the underlying mortgage-backed security collateral and pays no principal.
 - B. Obligations whose payment represents the principal stream of cash flow from the underlying mortgage-backed security collateral and bears no interest.
 - C. Collateralized mortgage obligations that have a stated final maturity date of greater than ten (10) years.
 - D. Collateralized mortgage obligations the interest rate of which is determined by an index that adjusts opposite to the changes in a market index.

The City intends to match the maturities of investment funds with liquidity needs of the City. The maximum final stated maturity of any investment shall not exceed seven years and it is further provided that any security with a stated maturity over five years must be approved by the Audit and Investment Committee. No more than ten percent (10%) of the total security portion of the investment portfolio may have a stated maturity exceeding five years.

Risk and Diversification

The City recognizes that investment risks can result from issuer defaults, market price changes or various technical complications leading to temporary illiquidity. Risk is managed through portfolio diversification which shall be achieved by the following general guidelines:

- A. Risk of issuer default is managed by limiting investments to high credit quality instruments allowed by the Act.
- B. Risk of market price changes shall be controlled by avoiding over-concentration of assets in a specific maturity or market sector, limitation of average maturity, and avoidance of over-concentration of assets in specific instruments, as appropriate.

INTERNAL CONTROLS

The Finance Director is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the City are protected from loss, theft or misuse. The internal control structure shall be designed to provide reasonable assurance that the objectives are met. The concept of reasonable assurance recognizes that (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

Accordingly, the Finance Director shall establish a process for annual independent review by an external auditor to assure compliance with policies and procedures. The internal controls shall address the following points at a minimum.

- A. Control of collusion.
- B. Separation of transaction authority from accounting and record keeping.
- C. Perfection of City ownership and pledge rights through safekeeping.
- D. Clear delegation of authority to subordinate staff members.
- E. Written documentation on all transactions.
- F. Development of a wire transfer agreement with the depository bank or third-party custodian.
- G. Establishment of procedures to monitor rating changes in investments acquired with City funds and the liquidation of such investments consistent with the provisions of Section 2256.021, Government Code.

Competitive Bidding

All transactions shall be made on a competitive basis to assure that the City is receiving the best rates and has compared all comparable investments.

Delivery versus Payment

All securities shall be purchased on a delivery versus payment (DVP) settlement basis. Funds shall not be released until receipt of the security by the City's approved custodian. The records shall assure the notation of the City ownership of or explicit claim on the securities. The custodian shall provide the City with proof of ownership or claim by an original document delivered to the City.

Cash Flow Forecasting

Cash flow forecasting is designed to protect and sustain cash flow requirements of the City. Supplemental to the financial and budgetary systems, the Investment Officers will maintain a cash flow forecasting process designed to monitor and forecast cash positions for investment purposes.

Monitoring FDIC Status for Mergers and Acquisitions

The Investment Officers shall monitor the status and ownership of all banks issuing brokered CDs owned by the City based upon information from the FDIC. If any bank has been acquired or merged with another bank in which brokered CDs are owned, the Investment Officers or Adviser shall immediately notify the Finance Director and present information to make an informed decision on possible liquidation.

COLLATERALIZATION

Time and Demand Bank Deposits Pledged Collateral

Collateralization is required on all bank time and demand deposits over the applicable FDIC insurance coverage. All securities pledged to the City for these deposits shall be held by an independent third-party institution outside the holding company of the pledging bank.

In order to anticipate market changes and provide a level of additional security for all funds, the market value of securities held as collateral will be maintained at 105% of total principal and accrued interest on the deposits or investments less an amount insured by the FDIC. And letters of credit

issued by the Federal Home Loan Bank held as collateral will be maintained at 100% of principal and accrued interest on the deposits or investments less an amount insured by the FDIC. Federal Home Loan Bank letters of credit held as collateral must expire at least two business days beyond the maturity date of the investment, or if rolling letters of credit are utilized, advance notice prior to any expiration must be provided along with a letter of credit extension, and the extension to cover the final expiration of the investment must extend at least two business days beyond the final maturity date. The depositories will be responsible for monitoring and maintaining the collateral and margins daily. The safekeeping custodian will provide monthly reports to the City detailing the collateral.

Collateral will be pledged under the terms of a written depository agreement executed under the terms of FIRREA. (If the custodian is the Federal Reserve the City will execute a Circular 7 form.) The agreement will be approved by resolution of the bank's board or loan committee.

The City shall accept only the following as collateral:

- A. FDIC insurance
- B. Obligations of the US Government, its agencies and instrumentalities, excluding mortgage backed securities, but including letters of credit issued by the Federal Home Loan Bank

Repurchase Agreements Owned Collateral

Collateral under a repurchase agreement is owned by the City. It will be held by an independent third-party safekeeping agent approved by the City under an executed Master Repurchase Agreement, or similar agreement. Collateral with a market value totaling 102% of the principal and accrued interest of the repurchase amount is required and the counterparty is responsible for the monitoring and maintaining of collateral and margins at all times. Monthly reports are required at a minimum.

All collateral shall be subject to inspection and audit by the Finance Director or the City independent auditors.

SELECTION OF BANKS AND DEALERS

Depository

At least every five years a Depository shall be selected through the City's banking services procurement process, which shall include a formal request for applications (RFA). The depository contract shall contain a provision that the City may terminate the agreement at its sole discretion at any time. In selecting a depository, the services, fees, credit worthiness of institutions, and earnings potential may be considered.

Broker/Dealers

The Investment Committee shall approve those broker/dealers through whom the City buys or sells securities on an annual basis. Investment officers shall not knowingly conduct business with any broker/dealer representative with whom public entities have sustained losses on investments based upon improper recommendations. All broker/dealers shall provide the City with references from

public entities which they are currently serving. A list of not less than five broker/dealers shall be maintained to assure a competitive process.

All broker/dealers who desire to transact business with the City must supply the following, as appropriate:

- 1) Annual audited financial statements
- 2) Proof of Financial Industry Regulatory Authority (FINRA) certification and CRD Number
- 3) Proof of Texas State Securities registration

No investment transactions may be entered into with a brokerage subsidiary of the City's depository bank unless it can fulfill all delivery versus payment (DVP) requirements for trade independence.

Policy Review Certification

Every local government investment pool (e.g. business organization) shall have been provided a copy of this Policy to assure that they are familiar with the goals and objectives of the investment program. The authorized representative of the pool shall sign a written certification, in a form acceptable to the City, substantially to the effect that the firm has:

- (1) received and reviewed the investment policy of the entity; and
- (2) acknowledged that the business organization has implemented reasonable procedures and controls in an effort to preclude investment transactions conducted between the entity and the organization that are not authorized by the City's investment policy, except to the extent that this authorization:
 - (A) is dependent on an analysis of the makeup of the City's entire portfolio;
 - (B) requires an interpretation of subjective investment standards; or
 - (C) relates to investment transactions of the City that are not made through accounts or other contractual arrangements over which the business organization has accepted discretionary investment authority.

No investment transaction shall be executed with a firm which has not delivered this written certification. Material changes in this Policy will require re-certification by business organizations.

The City is under no obligation to transact business with any financial institution.

All approved broker/dealers and financial institutions shall receive a copy of the Investment Policy. If any material changes are made to the policy an updated copy will be sent.

SAFEKEEPING AND CUSTODY

Collateral pledged to secure deposits shall be held by an independent financial institution outside the holding company of the depository in accordance with a safekeeping agreement signed by authorized representatives of the City, the Depository, and the custodian (with the exception of the Federal Reserve as Custodian). The Finance Director or a third-party financial institution shall maintain evidence of the pledged collateral. The Custodian shall provide a monthly report of collateral directly

to the City. Collateral shall be reviewed weekly to assure that the market value of the pledged securities is adequate.

Safekeeping Agreement

All safekeeping arrangements shall be approved by the Investment Officer and an agreement of the terms executed in writing. The independent third-party custodian shall be required to issue safekeeping receipts to the City listing each specific security, rate, description, maturity, CUSIP number, and other pertinent information. Each safekeeping receipt will be clearly marked that the security is held for the City or pledged to the City.

INVESTMENT POLICY ADOPTION

The City investment policy and strategy shall be adopted by resolution of the City Commission/PUB/Bridge/Corp. The resolution shall include any changes made to the policy and strategy. The Investment Committee shall review the policy for effectiveness on an annual basis and any modification will be recommended for approval to the City.

GLOSSARY Of COMMON TREASURY TERMINOLOGY

Agencies: Federal agency and instrumentality securities.

Asked: The price at which securities are offered.

Bid: The price offered to buy securities.

Broker: A broker brings buyers and sellers together for a commission paid by

the initiator of the transaction or by both sides; he does not position. In the money market brokers are active in markets in which banks buy and

sell money and in interdealer markets.

Brokered Certificate of

Deposit Security: A time deposit which has been sold onto the secondary market and

divided to assurance FDIC insurance coverage. This is a registered security with a CUSIP and is settled over the FedWire or other

settlement system

Depository Certificate of

Deposit (CD):

A time deposit with a financial institution with a specific maturity

evidenced by a certificate. Large denomination CD's are typically

negotiable.

Collateral: Securities, evidence of deposit or other property which a borrower

pledges to secure repayment of a loan. Also refers to securities pledged

by a bank to secure deposit of public monies.

Coupon: (a) The annual rate of interest that a bond's issuer promises to pay

the bondholder on the bond's face value.

(b) A certificate attached to a bond evidencing interest due on a

payment date.

Dealer: A dealer, as opposed to a broker, acts as a principal in all transaction,

buying and selling for his own account.

Debenture: A bond secured on by the general credit of the issuer.

Delivery versus

Payment: There are two methods of delivery of securities; delivery versus

payment and delivery versus receipt (also called free). Delivery versus

payment is delivery of securities with an exchange of money for

securities. Delivery versus receipt is delivery of securities with an exchange of a signed receipt for the securities.

Discount: The difference between the cost price of a security and its value at

maturity when quoted at lower than face value. A security selling below original price shortly after sale also is considered to be at a

discount.

Discount Securities: Non-interest bearing money market instruments that are issued at a

discount and redeemed at maturity for full face value, e.g., U.S.

Treasury bills.

Diversification: Dividing investment funds among a variety of securities offering

independent returns.

Federal Credit Agencies: Agencies of the Federal government set up to supply credit to various

classes of institutions and individuals, e.g., S&L's, small business

firms, students, farmers, farm cooperatives, and exporters.

Federal Deposit Insurance

Corporation (FDIC): A federal agency that insures bank deposits, currently up to \$250,000

per deposit.

Federal Funds Rate: The rate of interest at which Fed funds are traded. The Federal Reserve

through open-market operations currently pegs this rate.

Federal Home Loan

Banks (FHLB): The institutions that regulate and lend to banks and savings and loan

associations. The Federal Home Loan Banks play a role analogous to that played by the Federal Reserve Banks vis-a-vis member

commercial banks.

Federal National Mortgage

Association (FNMA): FNMA, like GNMA, was chartered under the Federal National

Mortgage Association Act in 1938. FNMA is a federal corporation working under the auspices of the Department of Housing and Urban Development, (HUD). It is the largest single provider of residential mortgage funds in the United States. Fannie Mae, as the corporation is called, is a private stockholder corporation. The corporation purchases include a variety of adjustable mortgages and second loans in addition to fixed-rate mortgages. FNMA's securities are also highly liquid and are widely accepted. FNMA assumes and guarantees that all security

holders will receive timely payment of principal and interest.

Federal Open Market Committee (FOMC):

Consists of seven members of the Federal Reserve Board and five of the twelve Federal Reserve Bank Presidents. The President of the New

York Federal Reserve is a permanent member while the other

presidents serve on a rotating basis. The Committee periodically meets to set Federal Reserve guidelines regarding purchases and sales of Government Securities in the open market as a means of influencing the volume of bank credit and money.

Government National Mortgage Association

(GNMA of Ginnie Mae): Securities guaranteed by GNMA are issued by mortgage bankers,

commercial banks, savings and loan associations, and other institutions. Security holder is protected by the full faith and credit of the U.S. Government. Ginnie Mae securities are backed by FHA, VA, or FMHM mortgages. The term pass-through is often used to describe

Ginnie Maes.

Liquidity: A liquid asset is one that can be converted easily and rapidly into cash

without a substantial loss of value. In the money market, a security is said to be liquid if the spread between bid and asked prices is narrow

and reasonable size can be done at those quotes.

Local Government

Investment Pool (LGIP): The aggregate of all funds from political subdivisions that are placed

in a common pool for investment and reinvestment.

Market Value: The price at which a security is trading and could presumably be

purchased or sold.

Master Repurchase

Agreement: To protect investors, many public investors will request that repurchase

agreements be preceded by a master repurchase agreement between the investor and financial institution of dealer. The master agreement should define the nature of the transaction, identify the relationship between the parties, establish normal practices regarding ownership and custody of the collateral securities during the term of the investment provide remedies in the case of default by either party and clarify issues of ownership. The master repurchase agreement protects the investor by eliminating the uncertainty of ownership and hence, allowing investors to liquidate collateral if a bank or dealer defaults

during the term of the agreement.

Maturity: The date upon which the principal or stated value of an investment

becomes due and payable.

Money Market: The market in which short-term debt instruments (bills, commercial

paper, banker's acceptances, etc.) are issued and traded.

Open Market Operations: Purchases and sales of government and certain other securities in the

open market by the New York Federal Reserve Bank as directed by the

FOMC in order to influence the volume of money and credit in the economy. Purchases inject reserves into the bank system and stimulate growth of money and credit: sales have the opposite effect. Open market operations are the Federal Reserve's most important and most flexible monetary policy tool.

Portfolio:

Collection of securities held by an investor.

Primary Dealer:

A group of government securities dealers that submit daily reports of market activity and positions and monthly financial statements to the Federal Reserve Bank of New York and are subject to its informal oversight. Primary dealers include Securities and Exchange Commission (SEC) registered securities brokers-dealers, banks and a few unregulated firms.

Prudent Person Rule:

An investment standard. Investments shall be made with judgment and care, under prevailing circumstances, that a person of prudence, discretion and intelligence would exercise in the management of the person's own affairs, not for speculation, but for investment, considering the probable safety of capital and the probable income to be derived.

Rate of Return:

The yield obtained on a security based on its purchase price or its current market price. This may be the amortized yield to maturity on a bond or the current income return.

Repurchase Agreement (RP or REPO):

A holder of securities sells these securities to an investor with an agreement to repurchase them at a fixed price on a fixed date. The security "buyer" in effect lends the "seller" money for the period of the agreement, and the terms of the agreement are structured to compensate him for this. Dealers use REPOs extensively to finance their positions. Exception: When the Fed is said to be doing REPOs, it is lending money that is, increasing bank reserves.

Safekeeping:

A service to customers rendered by banks for a fee whereby securities and valuables of all types and descriptions are held in the bank's vaults for protection.

Secondary Market:

A market made for the purchase and sale of outstanding issues following the initial distribution.

Securities & Exchange Commission:

Agency created by Congress to protect investors in securities transactions by administering securities legislation.

Treasury Bills:

A non-interest bearing discount security issued by the U.S. Treasury to

finance the national debt. Most bills are issued to mature in three months, six months, and one year.

Treasury Bonds: Long-term U.S. Treasury securities having initial maturities of more

than ten years.

Treasury Notes: Intermediate term coupon bearing U.S. Treasury securities having

initial maturities from two to ten years.

Yield: The rate of annual income return on an investment, expressed as a

percentage. (a) Income Yield is obtained by dividing the current dollar income by the current market price of the security. (b) Net Yield or Yield to Maturity is the current income yield minus any premium above par or plus any discount from par in purchase price, with the adjustment spread over the period from the date of purchase to the date of maturity

of the bond.
